

Lesson Plan:

Animal Diversity using Epic!

Objective

Students will:

1. Learn about different types of animals and their classification.
2. Choose a specific animal to learn more about.
3. Use Epic! to research animals and animal classification.
4. Practice note-taking, writing and reporting.
5. Gain public speaking experience.

Materials

1. Epic! app or web app
2. Paper and pencils

Preparation

1. Create an Educator Account on Epic!
2. Create individual student profiles for each student
3. Load Epic! onto tablets or computers

Lesson Procedure

1. Explain to students that there are different classifications of animals. Read *Let's Classify Animals!* by Kelli Hicks together using Epic!.
2. Ask students to pick a specific classification and a specific animal within that classification to learn more about.
3. Have them use Epic! to read and watch educational videos on their chosen animal.
4. Ask students to take notes as they research.
5. Have students compile notes into a report.
6. Allow students to present their research to the class!
